operator seats

30,000

Intelligence Credits / month

25+

active signal plays

20

standard connections

20

mailbox / calendar identities

Unlimited

read-only viewers, subject to fair use

GOVERNED DELIVERY

- Contracted sources, models, workflows and routing
- Governed budgets, reporting and audit export
- Managed rollout and priority support

Command is sales-led. Final scope, capacity and pricing are confirmed in a written quote or order. Additional capacity and custom requirements are agreed separately.

Separate CRM, mailbox and data-provider subscriptions or usage are not included. Applicable terms and the agreed order govern delivery; this sheet is an overview, not a fixed enterprise quote.
